

## CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

September 21, 2001

### **H.R. 1384**

### **Long Walk National Historic Trail Study Act of 2001**

*As ordered reported by the House Committee on Resources on September 12, 2001*

H.R. 1384 would amend the National Trails System Act (NTSA) to add the Long Walk Trail to the list of routes to be studied for possible inclusion in the National Trails System. Under the NTSA, the Secretary of the Interior would have three years to conduct a study of trail, which is composed of several routes located in Arizona and New Mexico.

Based on information provided by the National Park Service and assuming appropriation of the necessary amount, CBO estimates that it would cost the federal government about \$400,000 over the next three years to conduct the required study. H.R. 1384 would not affect direct spending or receipts; therefore, pay-as-you-go procedures would not apply. The bill contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Deborah Reis. The estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.
